

Transfer Sheets are easy to use and provide an invaluable option to a facility's Safe Patient Handling program.

Barton Medical Transfer Sheets provide a safe, efficient, and economical solution to your patient repositioning challenges.

"You must never think of anything except the need and how to meet it."

Clara Barton – founder of the American Red Cross; namesake of Barton Medical

Barton Medical Corporation Transfer Sheets

Maneuvering a patient can be accomplished effortlessly using a Barton Transfer Sheet .

Barton Transfer sheets can help reduce staff injuries.

The sheets are designed to reduce friction and prevent skin shearing.

Re-usable Transfer Sheets can be easily cleaned by wiping them down with a mild cleanser or laundering.

Both models are rated up to 600lbs capacity with sewn in handles on all 4 sides.

Easily placed under a patient

Easily removed from under a patient

Single Patient Use Transfer Sheets are packaged in an innovative dispense container.

Single Patient Use Transfer Sheets provide the same ease of use but are simply disposed of upon discharge of the patient.

Order # b1410 Re-usable Sheets
